

WHITE JUDO GI TO BE CALLED FIRST

From August 11, beginning with the World Championships for Cadets in Kiev, followed by the Senior World Championships in Paris, and in all subsequent IJF competitions, the order of preference with regard to the wearing of either blue or white judogi will be changed to white first.

This change will be reflected in all appropriate items such as contest sheets, scoreboards and fight indicator boards.

The IJF asks that all officials, coaches and competitors take note and use this 10 week notice period to prepare accordingly.
